Re: Notice of Violation
Rockwell Lime
Manitowoc, Wisconsin

Dear Mr. Brisch:

The United States Environmental Protection Agency (U.S. EPA) is issuing the enclosed Notice of Violation (NOV) to Rockwell Lime Company (you) under Section 113(a)(1) of the Clean Air Act, 42 U.S.C. § 7413(a)(1). We find that you are violating the Wisconsin State Implementation Plan at your Manitowoc, Wisconsin facility.

Section 113 of the Clean Air Act gives us several enforcement options. These options include issuing an administrative compliance order, issuing an administrative penalty order, and bringing a judicial civil or criminal action. The options we select may depend on, among other things, the length of time you take to achieve and demonstrate continuous compliance with the rules cited in the NOV.

We are offering you an opportunity to confer with us about the violations alleged in the NOV. The conference will give you an opportunity to present information on the specific notice of violation, any efforts you have taken to comply, and the steps you will take to prevent future violations.

Please plan for your facility's technical and management personnel to attend the conference to discuss compliance measures and commitments. You may have an attorney represent you at this conference.

The U.S. EPA contact in this matter is Constantinos Loukeris. You may call him at (312) 353-6198 to request a conference. You should make the request as soon as possible, but no later than 10 calendar days after you receive this letter. We should hold any

conference within 30 calendar days of your receipt of this letter.

Sincerely yours,
